You can download templates from the website to advertise your cafechurch. Here's what's available:

Generic cafechurch poster (A1/A4 formats)

These are non-editable PDF files, designed to be provided to your local print shop (e.g. KallKwik). The A1 poster is designed to be used in the Costa outdoor sign. There are two versions for each size, one with 'Hosted at Costa' bottom right and one without.

Sample powerpoint presentation

A selection of slides within a sample presentation are available for you to present to your local Costa or church.

Editable publicity word documents

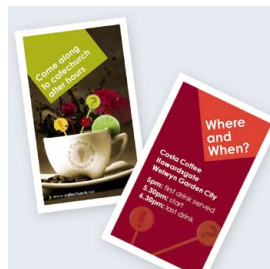

These items are designed to be printed at your local print shop. They are editable in Microsoft Word and include a colour guide, notes and print marks required to crop the items. To edit the files make sure you are viewing the file in 'Print Layout' mode by going to View/Print Layout. Simply select the text boxes to replace the text. The line 'Hosted at Costa' is editable.

Event card

Creditcard size card

Follow-up card

Please note!

Some printers may prefer you to supply them with 4 event and follow-up cards on 1 page of A4 and 4 menus on 1 page of A3. To do this open and edit the 4up versions of files

Editable word documents for in-house printing

These items are made available if you need to print a quick poster in your church with minimum ink usage.
